

# *Testimonial..*

*There is no such thing as a boring day at Loxton Lutheran School! A variety of engaging hands-on activities and exciting outdoor excursions mean even maths can be fun, while enthusiastic teachers that genuinely care for the wellbeing of their students go to great lengths to prove there is nothing more thrilling than proper punctuation!*

*During the eight fun filled years I spent at LLS, I expanded my horizons like never before; learning about the workings of the world, making life-long friends, developing leadership skills, and growing my faith. A welcoming environment where I made so many amazing memories, I couldn't ask for a better foundation to build the rest of my life upon!*
