All welcome!

Assembly will be held on Friday mornings of odd weeks.

All welcome!

Dear Parents/Caregivers,

Welcome to week 8.

A highlight this week has been a most productive week of writing by all students. In particular their retells of Goldilocks and The Three Bears, written over a number of days, has resulted in stories of notable length.

The children are doing a great job of practising spelling words and Rainbow words at home. Thanks for support with this. Children with spelling lists now have a memo book to paste their list in each week. This will be kept in their reader folder.

As mentioned previously all children in the class have been enrolled in the **Reading Eggs** programme. Their password to access the programme is pasted inside the front cover of their Fluency book and can be used at any time at home to further their Literacy skills.

Show and Tell is working really well and being enjoyed by the children. It is an effective way for us to get to know more about each other and to develop the children's Listening and Speaking skills and confidence. If your child forgets their item for presentation or we have a non-student day they are always welcome to bring it the following day.

A reminder that **Sports Day** will be held on Friday 7th April (Week 10).

Parent-Teacher Interviews will be held on Monday 10th April (Week 11). Please send your preferences for times to the front office by Friday March 24th. Appointment times will be sent out as soon as they are finalised following this.

Our Year 2/3 Camp has been booked for Week 3 Term 2. We will be spending Thursday 18th and Friday 19th May at Camp Kedron at Barmera. Further details will be sent in a separate camp note.

Please contact us if you have any questions.

Have a great week.

Yours in Christ,
Vicki Williams and Margaret Wormald
